About The Circuit

The Souper Salad Gran Prix Circuit comprises a 12-month long series of singles and doubles tournaments open to players not qualified for Championship or Super Championship play. Coaches highly recommend the circuit for players interested in gaining tournament experience. Play for the 2009 Circuit begins in October 2008.

Qualifying for the State Tournament

Players accumulate points by winning matches in any of the regularly scheduled Gran Prix tournaments. Points will be awarded for both singles and doubles tournaments.

Participants receive 4 points for each main draw singles match won and 2 points for each main draw doubles match won. Wins in consolation rounds earn 2 points each for singles and 1 point each for doubles. The more tournaments a player participates in, the more points a player can accumulate. The 10 players with the most points in each age division will be invited to participate in the Masters tournament at the end of the circuit. The top two finishers from each division in the Masters tournament will be selected to represent San Antonio in the State Playoffs at John Newcombe's.
